

Stock #: SSLP-50

Product Description:

1/2" set screw slip couplings are used in dry locations to connect the ends of two 1/2" EMT thinwall conduits together to extend the raceway. Their unique design allows the installer to slide the coupling along the EMT conduit for a perfect fit. They are also great for pre-fab installations!

Product Specifications:

Material :	Steel
Size :	1/2"
Special Features :	Sight hole ensures perfect placement
Compliance :	UL
