

The LEDVANCE EMERGENCY MINI WALL PACK luminaire is an environmentally preferable LED alternative to conventional HID luminaires. Its compact size lets you put it pretty much any place. More important, it offers up to 67% in energy savings. It's the ideal replacement for older technology. Or for use in new installations.

The EMERGENCY MINI WALL PACK is offered with 3 selectable color temperatures in addition to an emergency back-up for illuminating building exteriors, outdoor corridors, walkways and stairwells where exit lighting is required. In addition, the compact mini wall pack is easy to mount, which reduces installation and maintenance costs.

PERFORMANCE CLASS
