

All 10-32 threaded rackscrews feature a self-guiding pilot point to simplify installation

NEW Premium Rack Screws

Premium rack screws provide the best bit engagement in industry. HG hardware features salt spray resistant platin that slows rust buildup and is ideal for marine and high humidity installations. HM hardware features an attractive black matte finish. Both types are truss head hardware, 10-32 threaded, 3/4" long with preinstalled washers and self guiding pilot points.

HG HM

self-guided pilot point

Part #	Qty	Finish
HG	100 pc.	salt spray resistant ,black gloss
HG500	500 pc. in a reusable jar	salt spray resistant ,black gloss
HM	100 pc.	black matte
HM500	500 pc. in a reusable jar	black matte

HG hardware is recommended for use in humid and marine applications

Standard Rack Screws

Standard 1/2" long rack screws with 10-32 threads feature self-guiding pilot points. HP Series truss head screws provide a clean, modern appearance under optional trim strips (see pg. 120) for the most attractive finish. HW S trim-head screws feature an older, classic appearance. Includes factory installed nylon washer.
