M/2™ 2-CUTTER SDS PLUS BITS

OVERVIEW

MILWAUKEE® M/2™ 2-Cutter SDS Plus Rotary Hammer Drill Bits are up to 30% faster with up to 20% more holes per charge in cordless rotary hammers. Breaker point pulverizes the material more effectively, resulting in faster drilling speeds. The variable flute allows for maximum debris extraction, leading to up 20% more holes per charge in cordless rotary hammers while making it a very durable bit in corded and cordless rotary hammers. The enhanced rebar guards provide increased durability in hard aggregate and rebar. Additionally, M/2™ features a centering tip for exact spot drilling, wear mark indicator indicating when the bit no longer meets ANSI diameter requirements and a reinforced flute for durability and minimized vibration. The increased life and efficiency of the M/2™ 2-Cutter drill bit line provides the ideal solution in general concrete for cordless and corded rotary hammer users.

FEATURES

- Enhanced Rebar Guards: Increased durability
- Breaker Points: Faster drilling speeds
- Variable Flutes: Maximum debris extraction
