Rigid PVC Conduit Fittings

Injection Molded in Sizes 1/2" - 6"

Plastic Trends offers a complete line of rigid PVC conduit fittings. Plastic Trends' non-metallic conduit and fittings are certified by the CSA and UL where applicable, for use in above and below ground applications.

Plastic Trends rigid PVC conduit systems are used in non-burial applications, encased in concrete, concealed in walls and direct burial applications:

- Utilities
- Cable, data and communication lines
- Institutional, commercial, industrial buildings
- Residential applications, including service entrances
- Street and highway underground feeds
- Transportation systems - subways, bridges, tunnels, airports
- Water and wastewater treatment plants
- Marinas
- Mines and mills
