

7FT V-SERIES CAT6A SNAGLESS (UTP) ETHERNET NETWORK PATCH CABLE, CM RATED - WHITE

576-A25-007 | [Quiktron](#)

FEATURES & BENEFITS

The V-Series Snagless Cat6a Patch Cords are a cost effective solution for distributing data, voice and video while meeting 10Gb transmission requirements. Our import patch cables are constructed with quality wire, each cord is factory tested for guaranteed performance and CM rated for general usage and in-wall applications. These Cat6a patch cords keep Crosstalk levels to a minimum while providing the necessary bandwidth to support mission-critical applications.

- Supports 10 Gigabit data transmissions
- Factory terminated and tested
- Meets or exceeds industry standards for NEXT, FEXT, AXT and return loss
- Also available in a large variety of lengths and colors
- Made with 26 AWG, stranded copper wire
- Lifetime warranty
