Action...Better
surface coverage**

Cool Gel™

NEW!!!

HEAT BARRIER SPRAY

Reduces danger of fire to surrounding surfaces such as studs, drywall and insulation

- Helps prevent heat damage to components and surrounding materials during soldering, brazing and welding
- Saves time by eliminating the costly disassembly of valves and other components before soldering, brazing or welding
- Unique gelling formula sticks to surfaces, without dripping or running off
- Clear, non-staining gel leaves no residue, eliminating cleanup
- Safe, non-toxic, odorless and harmless to skin

Protective Uses:

- Protects the seals and seats in ball, dielectric and solenoid valves
- Protects finished surfaces from discoloration due to adjacent torch operations
- Protects soldered joints from loosening when soldering adjacent joints
- Prevents buckling or distortion of thin metal sheet during brazing or welding

ORDERING INFORMATION

Part No.	Size	QTY/Case	Wt/Case
11524	2 Fl. oz.	48	30 Lbs.
11527	2 Fl. oz.	12	9.6 Lbs.
11513	16 Fl. oz.	24	36 Lbs.
11509	32 Fl. oz.	12	36 Lbs.

Now Available in 2 oz. Bottles!
