CARBIDE HOLE CUTTERS

NEW
ONE-PIECE CARBIDE HOLE CUTTERS
OVERVIEW

MILWAUKEE® One-Piece Carbide Hole Cutters feature carbide teeth for longer life and smooth cuts in stainless steel and other hard metals. Each cutter features a stop shoulder design which prevents over-drilling, limiting cuts to a 3/16" depth, while a 3-Flat Shank optimizes each cutter for use in drill/drivers. To ensure clean, efficient cutting, the spring loaded pilot bit provides complete plug ejection upon completion of each hole. The solid one-piece design of each cutter provides added durability and dependability cut after cut. MILWAUKEE® One-Piece Carbide Hole Cutters are available in sizes ranging from 3/4" – 4-1/2".

FEATURES

- Carbide Teeth: Longer life and smooth cuts in hard metals
- Stop Shoulder: Prevents over-drilling – limits cuts to 3/16" depth
- Up to 10X Life vs. Standard Hole Saws

ONE-PIECE CARBIDE HOLE CUTTERS
