

F-30 and F-82 Safety Relief Valves

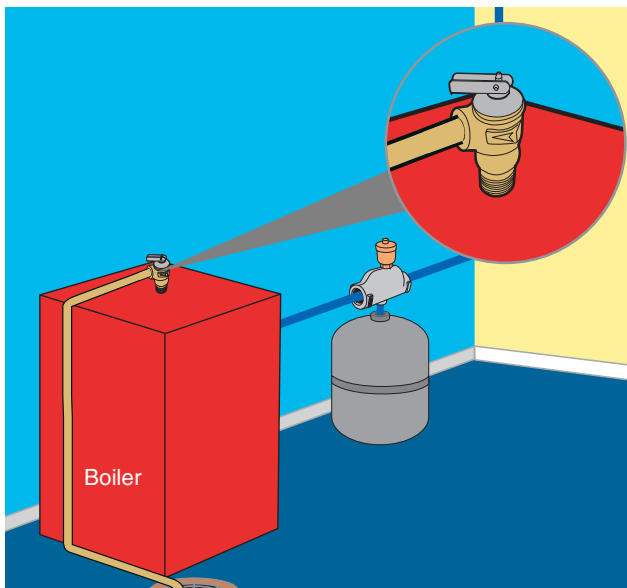

The Cash Acme F-30 and the F-82 are compact and economical pressure only safety relief valves for use on hot water space heating boilers, water supply heaters and storage tanks.

The Cash Acme F-30 and the F-82 Relief Valves are designed for use on hot water service only and are **not to be used on steam**.

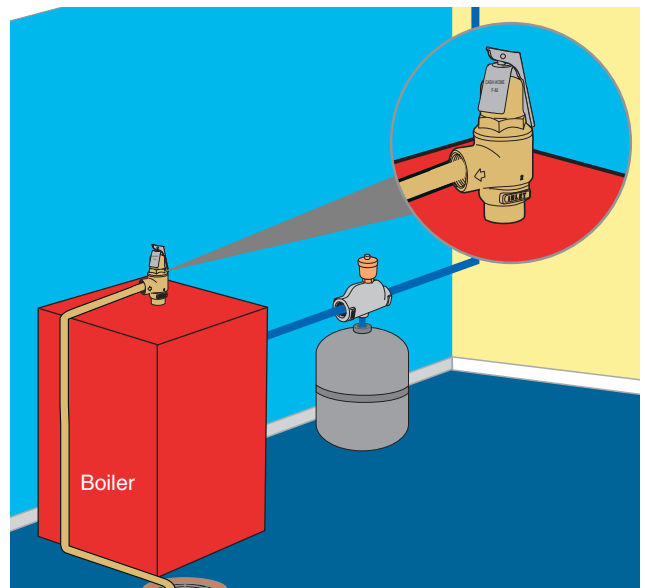

- Compact and economical: *Saves space and money!*
- Listed by ASME: *Inspector friendly, peace of mind!*
- Every valve is tested for performance prior to shipping: *Specify and install with confidence.*
- Completely automatic and reseal after pressure relief: *Ideal for most domestic water heater applications.*
- ASME Section IV listed: *Rated for emergency steam discharge by the National Board of Boiler and Pressure Vessel Inspectors.*
