Suffix Designations

C | Corner

C Configuration on 90° screw cover elbow
Both inside and outside corners are removable for lay-in wiring.

S | Side

S Configuration on 90° screw cover elbow
Top and bottom are removable for lay-in wiring.

Side Opening | S Configuration
on Hinge Cover Elbow

Inside Opening | IS Configuration
on Hinge Cover Elbow

Outside Opening | OS Configuration
on Hinge Cover Elbow

Interchangeable Fittings

The following fittings are interchangeable between the screw cover and hinge cover wireways:
Connectors, Hangers, End Flanges, 45° Elbows, Crosses, Reducers, Telescopic Fittings.

Utility requirements for this equipment may vary. Always consult the serving utility for their requirements prior to ordering or installing this equipment. This product must be installed by a licensed electrician. Installation of this equipment may require local electrical inspector approval.

Wireway Fittings

For use with GSC1 and GHC1 wireway

43
WIREWAY
FITTINGS

L45C & L45S | 45° Elbows

Similar to the 90° elbow in design and function, only used in 45° angle applications.

L45C (side access)

L45S (top access)

90° Elbows

These elbows are designed to turn a 90° corner in a wireway run.

90° Elbows (for Screw Covers)*

90° Elbows (for Hinge Covers)*

***Note:** Screws not included with fittings. Fitting attachment screws are included with straight sections of wireway.

Utility requirements for this equipment may vary. Always consult the serving utility for their requirements prior to ordering or installing this equipment. This product must be installed by a licensed electrician. Installation of this equipment may require local electrical inspector approval.
