

MultiChoice® Universal Pressure Balance Tub and Shower

TECK
COMMERCIAL

SPECIFICATION: (EXAMPLE)

□ R10000-UNWS ROUGH-IN ONLY

- Concealed in-wall MultiChoice® Universal valve
- Back-to-back capability, Integral screwdriver stops
- **Heavy duty forged brass** valve body
- 1/2" Universal inlets to accept 1/2" copper, 1/2" iron pipe, PEX or CPVC adaptors
- 1/2" Male thread inlets/outlets

□ T13H ____ FINISH TRIM ONLY:

- Pressure balancing cartridge with checks
- Polished chrome plated finish
- ADA compliant handle
- Non-removeable red/blue temperature markings and ... with ... (add product variation) with ... (add shower) with ... (add valve handle)

T13H153

T13H162

Engineer/Architect Approval

Model Specified:

Approval:

Date:

Requires rough-in and trim to have complete product.

MODEL NUMBER EXAMPLE:

Configurations vary, see below for availability.

T 1 3 H 1 5 2 - 25

Variation

- 1 = Shower valve
- 2 = Tub & shower valve with pull-up diverter tub spout*
- 3 = Shower valve with diverter for dual showers. See DSP-T13H3.
- 9 = Tub & shower valve with diverter for dual showers.* See DSP-T13H3.

Shower

- 0 = No shower head
- 2 = 3-Setting Touch-Clean® shower head/arm/flange
- 3 = Touch-Clean® shower head/arm/flange
- 5 = Hand Shower with 24" SS grab bar and ADA slide
- 6 = 30° VR wallmount shower head
- 8 = H₂Okinetic® shower head/arm/flange

Handle

- 2 = 3.33" (85 mm) metal lever
- 3 = 2.24" (57 mm) lever blade

Options/Add-Ons

- 05 = 36" SS grab bar, replacing 24" bar
- 20 = 69 - 92" stretchable SS hose, replacing vinyl hose
- 25 = 36" SS grab bar AND 69 - 92" stretchable SS hose, replacing replacing 24" bar and vinyl hose

See DSP-B-R10000-HDF for additional rough-in options. See DSP-SHWA and DSP-SHWB for additional shower options.

Note 1: Valve rated minimum 1.2 gpm @ 45 psi (4.5 L/min @ 310 kPa).

*Tub spout diverter not ADA

Note: Use this page front and back as a product submittal sheet.

Refer to www.specselect.com for individual models.

Stated flow rate for shower heads @ 80 psi (552 kPa) maximum.

Delta reserves the right (1) to make changes in specifications and materials, and (2) to change or discontinue models, both without notice or obligation. Dimensions are for reference only. See current full-line price book or www.specselect.com for finish options and product availability.

P/B VALVE INLETS:

- 1/2" Universal inlets accept 1/2" copper,
- 1/2" Iron pipe, PEX or CPVC adaptors
- 1/2" Male thread inlets/outlets

*CHECK WITH LOCAL CODE AUTHORITIES FOR MOUNTING HEIGHT REQUIREMENTS.

NOTE FOR SHOWER #6: Not for use as an anti-ligature device.

PAUSE WARNING – FOR SHOWER #5

Plumbing Codes require that shower heads and hand showers provide a small but continuous flow of water (trickle) when in "PAUSE" mode. Because of this continuous flow, in certain circumstances pressure variations in the water line and/or changes in the position of the shower temperature control handle while in "PAUSE" mode could result in dramatic changes to the temperature of the water when the shower head or hand shower is returned to the "ON" position.

ALWAYS point the shower head away from yourself when returning to the "ON" position and feel the water with your hand before resuming your shower to ensure the water flow is not too hot or too cold. DO NOT allow children or others who might not understand this warning to use the "PAUSE" function.

Note: Measurements may vary ± 6 mm (0.25")
