(Other voltages available on request)

(Not Suitable for SSI Series)

- Checks Transformers under Actual Operating Conditions
- Checks Mid-Point and End-Ground Transformers
- Checks Line Voltage
- Rugged Steel "Tool Box" Carrying Case
- Analog Input / Output Meter

H.V. Cable

GT-10 10,000 volt spark cable

GT-15 15,000 volt spark cable

Warranty & Cross Reference Data

Dongan Electric Manufacturing Company (Dongan), at Dongan's option, warrants to the original purchaser to correct by repair, refund of the original purchase price, or replacement, ignition transformers/igniters that fail within a three year warranty period.

Said warranty applies from the date of manufacture, provided the product has been installed, operated and maintained in accordance with all accepted industry practices and standards, that conditions of operation have been normal at all times, and that the product has not been subjected to any undue stress from excess voltage, frequency, load, or insufficient or inadequate ventilation.

Prompt written notice of any defect must be submitted to Dongan within the warranty period as provided above. The warranty applies on condition that Dongan's examination determines that the warranty claim is valid as submitted by the original purchaser.

Dongan's obligation under this warranty is in lieu of all other warranties expressed or implied including any warranties of merchantability and fitness for purpose and is limited to a refund of the original purchase price, replacement, or repair of the defective product.

Dongan will not be liable for any incidental, consequential, contingent or special damages, including loss of use, function or profits arising out of or in connection with the use of Dongan's products, and shall have no other liability for payment of any other damages. The remedy provided herein is Dongan's entire liability and the purchaser's sole remedy.
