

CONDENSATE FUNNEL

863 series

SPECIFICATION

Sioux Chief 863 Series condensate funnel shall be used where necessary on floor drains. Funnel shall be designed to receive drips, condensate lines or waste water from indirect waste lines. Funnel shall prevent splashing and direct waste into floor drain. Funnel shall be tapped and attach from underside of strainer with two concealed screws which fit through wiers in strainer to create a vandal-resistant installation.

MATERIALS

funnel: nickel-bronze, aluminum
screws: stainless steel, washer-head

INSTALLATION

Funnel is tapped to accept the two included fastening screws. Secure from underside of strainer for a vandal-resistant installation.

DIMENSIONS

	<i>round</i>	<i>oval</i>
A: overall height	4"	4"
B: top outside diameter	4 ⁵ / ₁₆ "	9 ¹ / ₈ " × 3 ²¹ / ₃₂ "
C: top inside diameter	4"	8 ⁵ / ₈ " × 3 ⁵ / ₃₂ "
D: bottom inside diameter	2"	2" × 4 ¹ / ₂ "
