PRODUCT BULLETIN

Fiber Drop Clamp

SI-0972SBL Fiber Drop Clamp

- Unique design constructed of premium corrosion resistant stainless steel provides secure attachment to hard jacketed fiber cables.
- Black surface finish for ease of distinguishing fiber drop clamps from copper drop clamps.
- Accommodates flat fiber drops with cross section measurements .320" W x .200" H.
- Withstands up to 450 lbs. tensile force using Corning STT, Corning ROC, TE, and Superior Essex flat fiber optic cables.
- SI-0972SBC approved for use in Commscope flat fiber optic applications.

SI-0966PS Large Fiber Drop Clamp

- Unique design constructed of premium corrosion resistant stainless steel provides secure attachment to hard jacketed fiber cables.
- Black surface finish for ease of distinguishing fiber drop clamps from copper drop clamps.
- Accommodates flat fiber drops with cross section measurements .600" W x .300" H.
- Withstands up to 800 lbs. tensile force using Sumitomo PureFit 36 fiber optic drop cable.

SI-0972 Fiber Drop Clamp

- Patented design fully secures elliptical fiber drop cables without strangulation, preserving signal quality.
- Premium stainless steel construction resists corrosive outdoor conditions.
- Withstands 200 lbs. of tensile force when used with Sumitomo elliptical fiber optic cable.
