

**Wattstopper**  
**Fixture Mount Sensor, US, Low Voltage, Wall Mount**  
Part No. FS-505

The FS-505 and FS-505C Low Voltage Ultrasonic Fixture Sensors control lighting based on occupancy. They are designed with a low-profile, architecturally pleasing appearance to easily integrate into a wide range of lighting fixtures or a customized housing. The sensors' modular plug-in system utilizes an RJ45 connector and 3' cord for flexibility and ease of use.

## Features & Benefits

Modular plug system streamlines installation

Easily integrate into lighting fixtures

Ideal for stairwell, wall and ceiling mount applications

Ultrasonic technology for open area detection with line-of-sight obstructions

Ceiling and wall mount models

## Specifications
