

DUAL READOUT THERMOMETER

Item#: 1839106

Measuring system temperature requires multiple tools, and sometimes multiple trips to the truck. The hilmar Dual Readout Thermometer was designed to change that. It's the industry's only manifold-compatible compact thermometer with two readings to make calculations simple. You can use it on any manifold. You can use it independently. But most important, you can use it to maximize efficiency. Sold with two K-style thermocouple clamps.

Product Features & Benefits

- Use it on any gauge set, or remove it and use it independently.
- Two easy-to-use, K-style tube clamp thermocouples get you to the temperature reading quickly.
