PRODUCT SPECIFICATIONS

- L Series Low Level Lights offer night time security and safety along walkways, patios, and driveways. Landscape lighting also accents the natural beauty of gardens, shrubs, trees, and terrain.
- Precision die-cast aluminum and finished in Duraplex II textured green or black polyester powder.
- Heat and shock resistant clear glass globes centered within tiered louvers for symmetrical Type V down and out distribution.
- Full molded threads screw in smoothly against gasket for weather resistant seal.
- Pre-wired for quick installation with extra-long 15" leads.
- Tapped 1/2" hub accepts conduit, stem or spike.
- Socket with plated medium screw-shell and reinforced center contact.
