

# Lavatories

Sloan lavatories suit wall-hung or countertop hand-washing requirements. Pair them with Sloan sensor-activated 0.5 gpm faucets for more water savings.

Whether you need a wall-hung model or a bowl for countertop installation, Sloan has just the lavatory to suit your requirements.

Three basic models are available:

- drop-in
- undermount bowl
- wall hung

Options include backsplash, wheelchair access, and 4", 8" or single-hole centerset punching. Match a Sloan lavatory with one of Sloan's sensor-activated faucets

for an efficient and hygienic hand-washing experience. All models are IAPMO tested and listed.

SS-3003

This wall-hung sink protects walls with a built-in backsplash. It is available with 4" or 8" centerset and single-hole configurations.

SS-3001

When the countertop includes faucet hole punching, the undermount oval bowl is a solid choice.

SS-3002

This drop-in oval bowl with 4" centerset is ideal for countertop installations.

SS-3804

This ADA-compliant sink features a contoured front that easily accommodates wheelchair users.

# LAVATORIES

## WALL-HUNG LAVATORIES

Fixture	Model
